

THE YACHT
Dark Shadow

Wally Yachts' *Dark Shadow* is a 30-metre high-performance cruising yacht that is instantly recognisable thanks to her sleek lines and contemporary design. The sophisticated exterior design and engineering are the work of Germán Frers, while the stunning interior has been crafted by Foster & Partners.

This combination, along with her impressive racing pedigree and Wally credentials, makes the 2002-built vessel one of the most sought-after yachts in the world. As well as being a highly-coveted performance cruising yacht, *Dark Shadow* is a great charter for a luxury family holiday. This flexibility has made her an extremely popular vessel for any sort of charter.

A sister yacht, the powerful, 14-metre Wally tender *Little Shadow* can be included in the charter, allowing for some fantastic water sports and activities. Equally, she can be used during the day to allow the shoppers to go ashore while the sailors test *Dark Shadow's* performance out at sea.

Dark Shadow, which is currently available for charter in the West Mediterranean for both the summer and winter sailing seasons, can house up to six guests in three suites, comprising of one double cabin and two twins. A crew of five comes as part of the package.

THE CATAMARAN
Magic Cat

Magic Cat is a stunning sailing catamaran built by the famous Multiplast shipyard, which has produced many of the fastest and highest performance yachts in the world. First and foremost, *Magic Cat* is capable of delivering a true sailing experience and reaching dizzying speeds under sail.

It has a world-class sailing pedigree but is also a great yacht for a peaceful, blue-water charter experience.

Magic Cat boasts large outside areas and a comfortable dining area. Her interior makes full advantage of the space afforded on a catamaran, too.

Four vast double cabins allow room for eight guests in total luxury. *Magic Cat* also benefits from many water toys and equipment such as kayaks, water skis, diving and fishing equipment, all at disposition to the charterer throughout. For chartering *Magic Cat*, email info@bernard-gallay.com or see bernard-gallay.com

THE CRUISER
Spirit

Spirit was styled by the peerless Tim Heywood. This award-winning designer didn't just describe a superyacht silhouette; he gave this 54-metre powerhouse a forceful profile which shoulders through the sea like a stallion.

Heywood's grand design is best admired on *Spirit's* endless sundeck. The entire storey is dedicated to luxury and leisure. There are sunpads, a Jacuzzi, a dozen lounging spots, and an outdoor bar. Here, deckhands can bust out a bellini, cosmo, or devise a bespoke cocktail for guests.

Spirit's rear-swim platform is the perfect place to soak up the rays of Mediterranean sun. Work out on deck in the open sea, or take the jet skis on safari to a deserted shore. With an on-board masseuse and yoga instructor, *Spirit* is an all-encompassing holiday for the mind, body and soul.

THE SUPER YACHT

Oasis

Oasis is instantly recognisable in marinas by its triple-tiered silhouette. After a relaxing day in the sun, it transforms into a creature of the night. The sundeck quickly converts into an open-air disco, allowing 12 guests to shimmy the night away. Movie fans can even hold alfresco showings on the sizable cinema screen.

The cuisine on board isn't just something to write home about – it's something to savour for the rest of your life. *Oasis's* award-winning head chef Dublin-born Sarah McLoughlin comes directly from a Michelin-starred kitchen, influenced by her extensive travels in India, China, Japan and South America.

There's endless fun to be had out on the water, too. As well as jet skis, *Oasis* sports a Laser dinghy, kayaks, paddleboards, and diving gear, while white-knuckle fiends can try the kitesurfing equipment.
