Yachting in Style *with Peace of Mind*

Bernard Gallay

The Yacht *Market Overview*

The start of 2023 has delivered a promising taste of the summer season ahead with the yachting industry continuing to thrive and prosper. Within an ever-changing landscape, BGYB endeavours to adapt to the year's anticipated trends which are predicted to focus on clients investing in 'once in a lifetime' trips, developments to sustainable yachts, and upgrades to many marinas as global superyacht hubs. We are eager to see the changes to the yachting industry in 2023 and how they can benefit our clients in both sale and charter.

Sales

For sales at BGYB, 2022 was an exceptional year with many deals brokered for clients. With more accessible yacht visits and the consistent return of yacht shows with higher participation levels, there has been a persistent upturn in sales.

It is with great pleasure that we announce that the BGYB Team has concluded 15 sales since the last issue of our Episode in Autumn 2022 (25 sales in total for 2022, +75% higher sales revenue than 2021). Notable sales included the incredible Ed Dubois S/Y **RADIANCE**, as well as the 104ft S/Y Sloop **ASAHI** and the beautiful Swan 48 **BLUES**. With 6 sales currently in progress, we expect this list to continue to grow.

We are also delighted to highlight the new additions of the following motor yachts to our sales fleet: 143ft Long Range **BARON TRENC**, 92ft Canoe Stern Classic **DAYLAMI**, 66ft New Classic **DOLCE VITA** and Lobster 65 **OLYMPIC MARITIME**. Our fleet has also gained several prestigious sailing yachts: 100ft Wally **Y3K**, 100ft Alan Buchanan Ketch **TELSTAR VI**, 92ft Classic Gaff Schooner **O'REMINGTON**, Maxi 79 **CAPRICORNO** and Oceanis 62 **TAONA**, along with the Sailing Catamaran **GP 70** to be launched before next summer.

Charter

The charter department also saw a spectacular year in 2022, reaching new industry heights and fully recovering from the impact of the pandemic. Although the global political context rose the price of fuel, BGYB surprisingly overcame adversity and grew by 40% (the industry itself expanding by 15%). In 2022, our team signed 20% more contracts than the previous year and gained a spectacular 49% more in charter turnover. 2023 has already proved promising for eager clients and brokers with plenty of charters booked!

There appears to be interesting trends emerging including the popularity of smaller, environmentally friendly sailing vessels and favouring destinations outside of the West Mediterranean, in particular Greece. Our fleet has seen a boom in the Balearics, with four yachts attaining Spanish Charter Licenses to allow guests to fully explore the destination. While clients are starting to fill up the calendars for summer, French and Italian coasts remain favoured, and some have even begun to enquire about Caribbean charters this winter.

Over the past few months, the BGYB Charter Team has further welcomed several prestigious yachts to our fleet including Wally 83 S/Y **WALLY ONE**, Truly Classic 90 S/Y **ATALANTE**,

Felci 71 Performance S/Y **LA VIDELLE**, and 32m Alloy Yacht S/Y **IRELANDA**.

We are also excited to welcome Swan 108 S/Y **FANCY** following her launch in June.

We thus look forward to the profitable summer season and welcome all charter enquiries extending into Winter 2023/24.

Marketing and Development:

Last month, we welcomed two new full-time charter brokers to our teams in Montpellier and Palma to further advance our marketing strategies and ability to take on more clients. We were also delighted to announce the opening of our Palma Office recently, based in the STP Shipyard. Located in Mediterranean yachting hub, the BGYB Palma Team has three full-time members who cover both charter and sales, but also regattas.

On a final note, BGYB are looking forward to are attendance of both the MYBA Charter Show in Barcelona and the Palma Superyacht Show 2023. Several of our yachts from both the charter and sales fleet will be exhibited; a great way to kick off the season!

TOAD

Oyster 70

In the exhaustive search for the right vessel to transport his family with five young children around the globe in optimized comfort and safety, this owner finally decided on "TOAD".

Finding a strong, reliable cruising yacht with long legs and five ensuite cabins, as well as all the associated features that TOAD now offers, was a challenging quest.

As "Apollonia", this Oyster 70 was found resting in the South of England, and so the story began. The owner's requirement for no compromise on the technical performance of the yacht necessitated

a substantial refit, upgrading and replacing a large proportion of the vital technical components. The details of these improvements are contained in a separate list available to interested parties. TOAD was the chosen vessel for an 18-month long family cruise from Europe to New Zealand. She has proved immensely reliable and fit for purpose.

ASAHI

104'ft Sloop

1998 – Refit 2019. Designed and built for an experienced yachtsman and supervised by an excellent professional crew, ASAHI was destined from the beginning to be a top-notch performer on the water and in the charter market.

Performing on the water, ASAHI has clocked 15 knots reaching and 23 knots surfing downwind.

Performing in the charter market, ASAHI is reportedly the only sailing yacht which has 4 Owner/Guest staterooms which convert from 8 single beds to 4 king-sized beds of 7-foot length. In addition, the forward two staterooms can convert into one large master suite with a centre line king bed and his and her bathrooms. This makes for incredible versatility which enables ASAHI to cater to any configuration of a charter group. The charter possibilities are limitless.

By the same token, the crew quarters offer a large, queen-bedded Captain's cabin and two other cabins, one with double and one with twin berths. On deck the enormous cockpit, free of winches and lines encourages convivial relaxation, while the helm cockpit aft offers a place for the Crew to work easily with access to their crew quarters below. ATLANTIC

212^{ft} New Classic Schooner

She is a replica of the legendary ATLANTIC which was commissioned in 1903. Her victorious 1905 Transatlantic Race ensured that she went down in yachting history.

After owning, restoring, rebuilding or recreating a number of famous yachts such as Thendara, Aile Blanche, Borkumriff, Zaca a te Moana and most recently Eleonora, her owner planned his ultimate masterpiece; with her overall length of 64.5 metres she is the largest classic racing schooner ever to be recreated. Above all else, she, like her inspiration, remains breathtakingly beautiful, turning heads wherever the wind takes her.

Her dimensions are simply incredible; overall, she measures a remarkable 64.5 m. Her graceful sheer line and long overhangs accentuate her grace while her waterline length of 42 m and narrow beam are a promise of unmatched speed under sail. Her spars tower some 45 m above the waterline and support a staggering area of 1,750 m² of sail, more than two and a half times that of the already awesome J-Class yachts.

Nacira 67 *Shamlor*

With over twenty years of experience in the sailing market, the Italian shipyard Maxi Dolphin, known for producing one-off yachts, has followed its natural evolution and launched the 20m sailing yacht Dream 67 SHAMLOR.

SHAMLOR is made both for leisure and race, described as "the most powerful leisure yacht worldwide, able to reach speeds in excess of 30 knots - with a sea view from the dining table!" She features plenty of discretely packaged race technology, including light Karver headsail furlers driven via endless Dyneema loops from the powerful electric winches aft - much lighter than electrical furlers.

TAJ

TAJ is a fast and light catamaran, built of Epoxy glass fibre and carbon structure. Her design is minimalist, and she is built for comfort with all charter amenities on board.

She is a safe boat capable of 300-350 miles of passage per day. She is designed to give a real sailing experience while ensuring maximum comfort. The transverse structure and mast are made of carbon fibre to keep her strong but light. She is easy to handle with electrical winches, twin helms, and a clear view over the coach roof from the cockpit. Her salon offers a fantastic 360° panoramic view and there is dining space both indoors and outdoors. In 2017/18 TAJ completed a 10-month extensive refit: new bimini, new interior design, new bathrooms, new engines, new generators, new cockpit table, new Awlgrip paint, new water maker, new teak, new rig, new carbon boom, new tender and toys, and so on... Plus all her equipment has been upgraded. She benefited from another extensive refit in 2019. She is now in spotless condition and ready set sail around the world.

BGYB represents *YYachts in France*

The YYachts shipyard is located on the Baltic Sea, almost directly on the water. Here we can manufacture yachts up to 35 metres in length.

The shipyard is equipped with modern and technologically advanced systems to guarantee efficiency and precision in production. At the same time, the structure is simple and straightforward to live up to the YYachts philosophy of "Keep it simple".

Their goal is to build sailing yachts that give you time for yourself as well as freedom and fun with your family and friends - a reliable investment in a better quality of life. We will treat you with the honesty and authenticity with which we produce our yachts. Our passion is to build sustainable sailing yachts that are ahead of their time, yet easy to sail and maintain.

Y7

A displacement of about only 29 tons and 300 square meters of sail area, set this almost 22 meter, 70 foot, long yacht in motion even in the lightest of winds. Her good ballast ratio keeps her very stable, so that a Y7 is extremely pleasant to sail. This luxury yacht was designed for family vacations as it can be operated with a very small crew or even alone. Easy handling combined with excellent performance and an interior completely tailored to the owner has made the Y7 a bestseller in the YYachts portfolio.

With its construction, the Y8 has good potential for regatta victories. Since the mast has been placed further aft, the new Y8 carries a larger headsail, which provides better height in the wind. In the cockpit, guests enjoy a wonderful sailing atmosphere al fresco. The crew has a separate entrance here. With its soft edges and coachroof, and flooded with natural light, the Y8 has a relaxing atmosphere!

Due to its design, the Y8 can be sailed with a very small crew, making it an ideal family yacht.

Y9

Our Y9 is unique and so is every single Y9. Above all, she is as individual as our customers themselves, because her layout and equipment are completely variable. She is available in three exciting versions - Y9, Y9 Pilot House, Y9 Custom. The main focus for Y9 owners is spending time with family and friends on board. As a result, the 90-foot carbon sailing yacht is easy to sail even with a small crew. Her interior design fulfills and even extends all owners' wishes for a family yacht. Of course, the Y9 can also prove her potential on regatta courses in the Mediterranean or the Caribbean.
